

# Are you interested in training to teach in a primary school?

Pickwick Learning are working with Excalibur TSA and their partnership schools to provide high quality primary ITT.

Through the Pickwick School Direct PGCE ITT programme, and with the support of Excalibur and their local ITT Principals, trainee teachers are able to work alongside highly experienced mentors and expert colleagues and gain an exceptional training experience.

- Convenient training and local placements
- Learn to teach 'on the job' in school, observing and working alongside outstanding practitioners.
- Enjoy individualised and specialist support from an 'in house' mentor whilst on school placements and a dedicated and experienced central team at Pickwick Learning
- Access exceptional facilities including Forest Schools and Outdoor Learning, a Regional Training Centre for Apple Education and Speech and Language specialist support as well as access to Bath Spa's library and PGCE support
- Train collaboratively across central training sessions run by current practitioners and specialists, alongside peers from other schools and settings, sharing experiences and supporting each other, as well as through personalised training in school.
- Benefit from our support and our network of contacts in many different schools in order to help find employment.
